

STREET CAR MEN
IN DYNAMITE
PLOT IN N. Y.

Plans Were Made to Blow
Up Several Subway Sta-
tions.

POLICE HAVE CONFESSION

Alleged That Similar Meth-
ods Were Used in Sev-
eral Cities.

(By Associated Press.)
NEW YORK, Nov. 3. — Michael J. Herlihy, Financial Secretary of the local Car Men's union, and four other men were arrested today charged with plotting in concert in bringing dynamite into this city, and with conspiring to blow up Lenox avenue subway station at One Hundred and Tenth street on October 24.

One of the men is said to have confessed. Detectives said after making the arrests that evidence obtained indicated that attempts were to have been made to blow up the subway station at Fifty-ninth street and Broadway this morning and the city hall station at a later time.

According to the alleged confession sticks of dynamite were detonated in the One Hundred and Tenth street explosion.

James A. Murna, a former subway guard, and Thomas J. McGuire, a chauffeur of Caldwell N. J., visited Kenil, N. J., yesterday and purchased the explosive to have been used in today's explosion, according to the police and Murna and James J. Herlihy, a former elevated railroad guard, it is charged purchased the dynamite in Kenil on October 20. Pollok, a former elevated guard, Lawrence Kulle, a former subway guard, and Benjamin Harrison, a former elevated guard.

All of these men except McGuire, the police say, are members of the district local of the Amalgamated Association of Street and Electric Railroad Employees. Capt. Tunney, of the bomb squad, said evidence had been uncovered that funds to finance the explosions came from the union and other arrests would be made. A special committee of the district body plotted in a Harlem assembly hall. The alleged confession, said one speaker, stating that dynamiting measures had been used successfully in strikes in Albank, Buffalo and Philadelphia.

The committee voted \$50 and this money the police declared was used for purchase of explosives.
